Legislative: 1) EPA is has no wording on motorcycles. So Duane, Lane, Dave are going to Biker In the Beltway in about a month to see if they can get that worked out as nothing was done last year. Also the EPA is trying to limit us by trying to get legislation through that would limit us on repairing or own motorcycles. If you want to stand up for your right to repair follow this link and sign up.

2) **Motorcycle Awareness rally.** This is a political event on May 5th at about 9:30am. It is important that we show support a having a good head count here. If the politicians see that a good gathering is present they will have a greater motive to work on our behalf. So please show up as this is important.

3) **Spring Opener.** This is our money maker and we need all the revenue this event can bring in. So even if you can't go please buy a ticket anyway. Your monetary support is greatly appreciated!
